#### Needs:

- An easy system to book and manage
- Hassle-free experience to encourage the donation of blood.
- Personal overview of donations and impact.

#### Frustrations:

- Confusing system/unable to create an account
- Not being able to manage appointments in the system
- Finding information is time-consuming.

#### Goals:

- Wants to book appointments
- Cancel or update appointments
- Get notifications abt upcoming events

#### Environment:

- Busy, no time to call/deal with issues
- Transparent, “where does my blood go?”.
